

ALEX

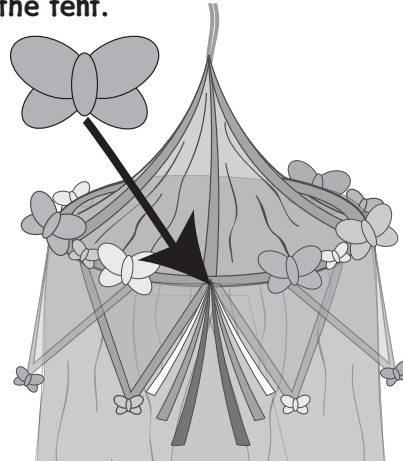

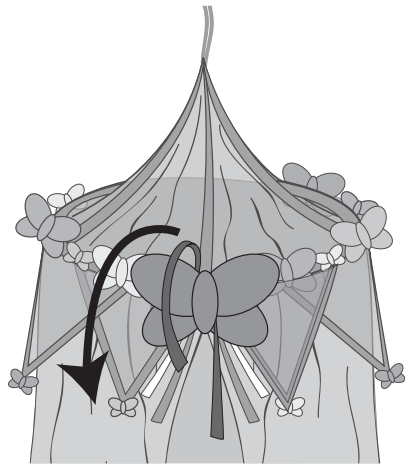

Butterfly Tent

GET READY!

Open up the bag in the middle of the room and pull out the big pink butterfly and the tent.

GET SET!

Find the front opening of the tent. Place the big butterfly on the top ring in the center.

Pull the wide blue ribbons around the body of the butterfly to secure it in place. Pull ribbons taut.

GO!

Now your tent is ready to hang! Have an adult tie the top ribbons together at the length that you want and hang it from a nail or screw-in hook in the ceiling or wall.

Enjoy!
