

COUNTING MONEY JAR

Counting Money Jar Instructions

Saving money is easier than ever! Your new Counting Money Jar will count each coin you add to the jar so you will always know exactly how much money you have saved.

BATTERY CAUTION:

READ AND SAVE THESE INSTRUCTIONS.

- Insert batteries with correct polarity as shown.
- Remove exhausted batteries from the toy.
- Only batteries of the same or equivalent type as recommended are to be used.
- Do not charge non-rechargeable batteries.
- Rechargeable batteries are to be charged under adult supervision only.
- Remove rechargeable batteries before charging.
- Do not mix old and new batteries.
- Do not mix standard (carbon-zinc), alkaline, or rechargeable batteries.
- Do not short circuit supply terminals.
- Remove batteries from product before extended storage.

Dispose batteries according to local, state or federal laws.

2 AA batteries required, not included.

INSTALLING/CHANGING THE BATTERIES:

Your new Counting Money Jar requires 2 x 'AA' batteries (Not included). Remove the lid from the Jar carefully. Use a Philips screwdriver to loosen the screw on the battery compartment cover and lift the cover. Install 2 x 'AA' batteries into the compartment, being careful to match the polarity as indicated (+ and -). Replace the cover over the compartment and tighten the screw. Screw the lid back onto the Jar tightly.

DEPOSITING COINS:

Insert a coin into the slot in the top of the Counting Money Jar. The amount deposited will be displayed on the screen.

- To clear the account balance or reset the Counting Money Jar. Remove the lid from the Jar and press the Reset button to reset the balance to \$0.00.
- Keep the Counting Money Jar clean and dry. If any part of the Jar gets wet, wipe it dry immediately. Use and store the bank indoors, in environments which maintain normal temperatures.
- Handle the Jar carefully and do not drop it.
- Occasionally wipe the Jar with a damp cloth to keep it clean and looking new. Do not allow water in or near the electronic slot, as this may damage the device.
- Modifying or tampering with the Jar's internal components can cause it to malfunction and will void any warranty.
