Assembly: Snap the reflector onto the drawing board as shown. Switch on the blacklight by pushing the ON/OFF switch.

Battery Installation: Open the battery cover on the bottom by removing the screw with a small screwdriver. Insert 4 AA batteries as shown, and replace the battery cover and screw.

Insert batteries with correct polarity as shown. Only batteries of the same or equivalent type as recommended are to be used. Remove exhausted batteries from the toy. Do not mix old and new batteries. Do not mix standard (carbon-zinc), alkaline, or rechargeable batteries. Do not charge non-rechargeable batteries. Do not short circuit supply terminals. Rechargeable batteries are to be charged under adult supervision.
