

ALEX®

Paint a Zoo

GET READY!

Place all materials on a flat protected surface (a newspaper or ALEX® Drop Cloth works well). Fill a cup with water to clean your paintbrush. It should be dried with a paper towel after rinsing so that your colors don't mix.

GET SET!

Step 1:

Choose the card with the animal you want to paint, and punch out the pieces

Step 2:

Paint the pieces with poster paint. You have 6 colors to choose from, and you can mix colors to create a new one, just make sure to rinse and dry your brush between colors. Let the pieces dry, then you can go over the paint with the crayon brights.

Step 3:

Assemble the zoo animal according to the diagrams on the punch-out card.

GO!

Now you can add the finishing touches with glitter glue, glitter shapes, feathers, and wiggly eyes!
